v.	:	
	:	
THOMAS A/K/A TOM BURDULIS,	:	
	:	
Defendant.	:	

AFFIDAVIT OF MARY P. PAUL

I, Mary P. Paul, being duly sworn, hereby depose and say:

1. I am over the age of eighteen (18) years and understand the obligations of an oath.
2. I am the Inventory Operations Manager for Charter Communications Entertainment I, LLC d/b/a Charter Communications, a Delaware Limited Liability Company with a principal place of business at 95 Higgins Road, Worcester, Massachusetts. At all times relevant to this action, Charter held a license, pursuant to M.G.L.c. § 166A, to construct and operate a cable television system in the town of Worcester, Massachusetts.
3. As the Inventory Operations Manager for Charter, I am personally familiar with the facts stated herein.
4. I submit this affidavit in support of the Plaintiff's Motion for Judgment of Default Against the Defendant Thomas a/k/a Tom Burdulis.

5. As the Inventory Operations Manager for Charter, I am responsible for combating theft of service in Charter's cable systems. I have been employed by Charter for over seventeen years.

6. As the Inventory Operations Manager for Charter, I obtained a copy of invoice information indicating that through a series of transactions dated on or about June 30, 2000, July 20, 2000 and August 2, 2000 Modern Electronics, Inc., a mail order business operating out of Nebraska, sold one cable theft device: a "Scientific Atlanta 8580/W/O/R" decoder or descrambler to the Defendant Thomas a/k/a Tom Burdulis for \$95.00. That same device was shipped to the Defendant's residence at 11 Miami Street, Worcester, Massachusetts, 01605.

7. The device, referred to in the Modern Electronics, Inc. invoice as a "Scientific Atlanta 8580/W/O/R" decoder or descrambler, is a device, when used in conjunction with a converter, that is designed to defeat the scrambling technology of converters manufactured by Scientific Atlanta, Inc.

8. Cable television converters/descramblers manufactured by Scientific-Atlanta, Inc. are utilized in Worcester, Massachusetts by Charter to enable its customers to access various levels of cable services purchased.

9. The use of a cable television converter in connection with the device purchased by Burdulis would allow him and/or others to obtain virtually all of the premium and pay-per-view services offered over Charter's cable systems, including services and levels of service beyond the actual subscription level of service, without making payment to Charter.

10. Authorized converters, when used by a cable system, serve a security function, prohibiting reception of non-purchased channels and services. When the devices are altered and then used illegally and without authorization, however, all security functions are "blown out" and the devices serve only one purpose, which is to decode all scrambled channels. Unauthorized use of these devices

within Charter's Service Areas enables one to obtain all encrypted levels of cable services without authorization from and payment to the cable system. Therefore, the only purpose for the cable theft device purchased by Burdulis is to effect the unauthorized reception of premium and pay-per-view cable services, and no legitimate reason to own such a device exists.

11. Based on my knowledge, information and belief, the Defendant has never contacted Charter to notify the cable system of the purchase and use, or assistance in the use, of the cable theft device that she purchased and received from Modern Electronics, Inc.

12. Based on my knowledge, information and belief, the average useful life of a cable theft device, such as the one purchased by the Defendant, is calculated to be seven years and has been known to exceed fifteen years. Therefore, the purchase and use of the device by Burdulis poses an ongoing and continuous harm to Charter.

13. The Defendant's current address at 11 Miami Street, Worcester, Massachusetts is within Charter's service area and have been since August 2000, when he purchased the device.

14. From August 2000 to the present (approximately four years), Charter, or its predecessors, charged approximately \$10.00 per month for each of the premium services identified below. The descrambler device, when used in conjunction with a cable television converter, is capable of descrambling each of these premium services and therefore the approximate total value of premium services for this 48 month period is reasonably estimated to be at least \$1,920.00

- a. The Movie Channel (approximately \$10/month from August 2000 to August 2004)  
\$10/month x 48 months = \$480.00
- b. Showtime (approximately \$10/month from August 2000 to August 2004)  
\$10/month x 48 months = \$480.00
- c. HBO (HBO Plus is included - approximately \$10/month from August 2000 to August 2004)

$\$10/\text{month} \times 48 \text{ months} = \$480.00$

- d. Cinemax (Moremax is included - approximately \$10/month from August 2000 to August 2004)

$\$10/\text{month} \times 48 \text{ months} = \$480.00$

Because premium services are offered by the month, Charter would have incurred this loss if the device was used to view only a single program on that channel during the course of a month.

16. The cable theft device used in conjunction with a cable television converter is capable of descrambling all of Charter's pay-per-view programming services. There are five pay-per-view channels. The type and price of pay-per-view programming services offered by Charter from August 2000 to August 2004 is as follows:

- a. Movies – approximately 15 different movies are shown monthly on two of the four pay-per-view channels for \$3.99 per movie;
- b. Movies - one movie is shown continuously in a 24 hour period for \$3.99/day for approximately 30 movies per month on two of the four pay-per-view channels.
- c. Ten – adult programming shown between 10:00 pm and 6:00 am for \$6.99 per day; a different program is shown each night; and
- d. Special Events – general concerts, wrestling and boxing events – prices vary between \$5.95 and \$59.95 per event.

An approximate estimate of pay-per-view losses to Charter from the use of the cable theft device in conjunction with the cable television box over its 48 month life as a cable theft device (without considering that the device has not been received by Charter and may still be connected and receiving unauthorized cable services at her or another's address) used against Charter is fifteen movies per month ( $\$3.99 \times 30$  [15 movies per month  $\times$  2 pay-per-view channels per month]  $\times$  48 months = \$5,745.60), thirty adult programming services per month ( $\$6.99 \times 30$  per month  $\times$  48 months = \$10,065.60), and at

least two boxing or special events per year in the 48 month period ( $\$59.95 \times 3$  per year  $\times 4$  years = \$719.40) for a total of \$16,530.60.

17. Based on the estimates identified in paragraphs 14 and 15 above, the damages to Charter resulting from the use of only one cable theft device for a 48 month period, considering only the lost revenues from the unauthorized premium and pay-per-view programming services received by the Defendant are \$18,450.60. It should be noted, as well, that the cable theft device has not reached the end of its useful life and would still be able to receive unauthorized cable services.

18. In addition to lost revenues, Defendant's unlawful conduct injures Charter's good will, its ability to attract and finance the future acquisition of quality services, and its future growth and profitability.

19. Based on my knowledge, information and belief, it appears that the public is also injured by the Defendant's actions because cable piracy creates an unfair subsidy to "freeloaders," paid for by honest subscribers.

20. There is further injury because the maintenance of unauthorized connections and the use of unauthorized equipment may result in signal "leakage" which violates regulations of the Federal Communications Commission and harms the quality of cable services received by subscribers.

Signed under the pains and penalties of perjury this 17<sup>th</sup> day of August, 2004.

Defendant.	:	

PLAINTIFF'S DAMAGES ANALYSIS

Plaintiff ("Charter") is a cable operator, within the meaning of 47 U.S.C. §§ 522(5) and 553(a), and provides cable service, within the meaning of 47 U.S.C. § 522(6) to the community of Worcester, Massachusetts. Complaint ¶ 6,7. The Defendant has an address in Worcester, Massachusetts. Complaint ¶ 8.

Upon information and belief, the Defendant ordered, purchased, received and possesses, possessed, used or assisted other persons in the use of one decoder or descrambler, in order to effect the authorized use and interception of Charter's cable services, and this constitutes one violation of 47 U.S.C. §553(a) and one violation of 47 U.S.C. §605(a)

The Federal Communications Act, as amended, provides a federal right of action to the Plaintiff to seek damages, actual or statutory, at the election of the aggrieved person, attorney's fees and costs, as well as injunctive relief, pursuant to 47 U.S.C. § 553 and 47 U.S.C. § 605. Specifically, Subsection

(c)(3)(A)(ii) of Section 553 and Subsection (e)(3)(b)(i) of Section 605 of the Federal Communications Act, Title 47 of the United States Code, is the source of the Plaintiff's damages in this action. As set forth in the Complaint, the Plaintiff is seeking statutory damages from the Defendant in connection with the purchase of a device which has no other purpose but to effect the unauthorized use and interception of Charter's cable services.

Statutory damages for unauthorized reception of cable services, or assistance in the unauthorized reception of cable services, under Section 553(c)(3)(A)(ii) and Section 605 (e)(3)(B)(i) are recoverable in an amount set by the Court between \$250 and \$10,000 per violation. Each prohibited activity, e.g. the use of an illegal decoder or descrambler, is deemed a separate violation of Section 553 and Section 605. 47 U.S.C. § 553(b)(3) and 47 U.S.C. § 605(b)(3).

The recovery of statutory damages was created because of the severity of the cable piracy problem.

The prohibition of pirating closed-circuit signals addresses the collective policy concerns of the continued viability of the cable service industry, not to mention, the disburdening of cable subscribers who are forced to subsidize the costs of cable pirating. H.R. 4103, 98th Cong., 2d Sess. (1984) *reprinted in* 1984 U.S. Code Cong. & Admin. News 4655, 4720. Moreover, the piracy statutes provide equitable relief and attorneys' fees to enhance vindication of this intangible property right.

Storer Cable Comm. v. Joe's Place Bar & Restaurant, 819 F. Supp. 593, 596 (W.D.Ky. 1993).

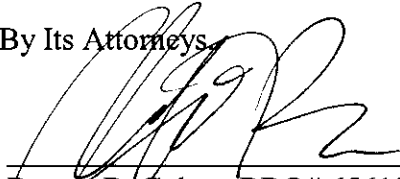

Therefore, the Plaintiff is entitled to and is seeking statutory damages in the amount of \$20,000 for one violation of 47 U.S.C. § 553(a) and one violation of 47 U.S.C. § 605(a). See Community Television Systems, Inc. d/b/a TCI Cablevision of South Central Connecticut et al v. Angelina a/k/a Julie Caruso, 134 F. Supp. 2d 455 (D. Conn. 2000)(the Court awarded the maximum in statutory damages against each defendant individually noting the complete lack of

cooperation with the plaintiff). See also Charter Communications Entertainment I, LLC d/b/a Charter Communications v. Thomas Pantoja a/k/a Tommy Pantoja, slip op., Civil Action No. 01-40148 (December 5, 2001); Charter Communications Entertainment I, LLC d/b/a Charter Communications v. Scott Fairbanks, slip op., Civil Action No. 01-40149 (December 5, 2001); and Charter Communications Entertainment I, LLC d/b/a Charter Communications v. Stephen Duggan, slip. op., Civil Action No. 01-40093 (January 24, 2002).

In addition, the Plaintiff is entitled to its attorneys' fees and costs in prosecuting this action, in accordance with 47 U.S.C. § 553(c)(2)(C) and 47 U.S.C. § 605(e)(3)(B)(iii). See Mountain Cable v. Choquette, 53 F. Supp. 2d 107, 116 (D. Mass. 1999).

**AFFIDAVIT FOR ATTORNEYS' FEES AND COSTS**

I, Burton B. Cohen, being duly sworn, depose and state the following:

1. I am over the age of eighteen (18) years and understand the obligations of an oath.
2. I am an attorney of record and the billing partner with the law firm of Murtha Cullina LLP, counsel for the Plaintiff Charter Communications Entertainment I, LLC d/b/a Charter Communications ("Charter") and, as such, I am personally familiar with the facts stated herein.
3. Based upon the acts of the Defendant, Thomas a/k/a Tom Burdulis, constituting one violation of 47 U.S.C. § 553(a) and one violation of 47 U.S.C. § 605 (e) (3)(B)(i) as more fully described in the Complaint, Charter is entitled to \$20,000 in statutory damages against the Defendant for Defendant's violations of 47 U.S.C. § 553(a) and 47 U.S.C. § 605 (e) (3)(B)(i).
4. Plaintiff is entitled to its attorneys' fees and costs in this action, in accordance with 47 U.S.C. § 553(c)(2)(C) and 47 U.S.C. § 605(e)(3)(B)(iii).

5. The costs incurred by the Plaintiff in connection with this action are \$150.00 for the filing fee and \$54.20 for the deputy sheriff's fee for service of the Summons and Complaint against the Defendant, totaling **\$204.20**.

6. For the purpose of the Motion for Judgment of Default, the Plaintiff seeks an award of attorneys' fees in the amount of **\$2,877.25**.

7. In order to calculate attorneys' fees incurred with regard to the Defendant, annexed to this affidavit is a chart transcribing contemporaneous time records. The chart delineates (a) the attorney or paralegal (attributed by their initials), (b) the date, (c) the time spent by each attorney and paralegal who worked on this matter (to the nearest tenth of an hour), and (d) a narrative of the work performed. The fees requested in this matter were calculated as follows:

Attorney Burton B. Cohen ("BBC") ---

2004- 1.4 hours x \$350 = \$490.00

Attorney Laura K. Norden ("LKN") ---

2004- 1.05 hours x \$225 = \$236.25

Attorney Christopher L. Brown ("CLB") ---

2004- 2.20 hours x \$210 = \$462.00

(1.5 hours estimated post-judgment work)

Paralegal Madeleine P. Kane ("MPK") ---

2004- 10.80 hours x \$130 = \$1,404.00

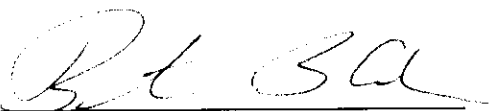

Paralegal Wendy Stine ("WCS") ---

2004- 3.80 hours x \$75.00 = \$285.00

8. The hourly rates charged to the Plaintiff for this litigation are the firm's standard hourly rates for 2004 work. From my experience with attorneys' fees charged in Massachusetts litigation matters by attorneys throughout the state, it is my opinion that our hourly rates are comparable to the average rates of similarly experienced attorneys.

9. Attorneys' fees and costs associated with this matter total **\$3,081.45**
